

---

One of the biggest hindrances for learning anything these days is anything that prevents us from focusing. Sometimes, it's the distractions around us; sometimes, it's workaholicism. But more often than not, it's our own minds that are at fault. From bad self-talk to lack of motivation, writer's block can be quite a barrier. Amitabh Bachchan and Farhan Akhtar star as the two protagonists who, with a little help from technology, set out on a journey to sieve out the truth between what we think and what we know to be true. Q: Why is Kismet So Powerful? Why would nature create such a beautiful creature as the lubber grasshopper? Is there some divine plan at work? Vishesh Vajpai (Director/Writer) is an engineering graduate from IIT Delhi and currently works as an Operations Manager in a MNC. He got his first taste of directing through his short film, "Jungle Tales" which was screened at various international film festivals. He made another short film, "Shit Happens", which was screened at the Cannes Short Film Corner. He then went on to direct a feature film titled "Shamitabh". This is his debut direction in Hindi films.

The film has received positive reviews from critics. Shubhra Gupta of The Indian Express gave it 3 stars out of 5 and said, ""Shamitabh" is, by any measure, an intelligent film, worth watching if only for the performances". Saibal Chatterjee of NDTV gave it 3.5 stars out of 5 and said "Shamelessly popular in the Malayali households in Kerala, Shamitabh is a popular screenplay translated into a mass-film-watching format". Amitabh Bachchan puts on 11.5% weight for his role in Shamitabh. Before the film was dubbed and released worldwide in Hindi and Tamil, he put on 35 pounds in record time to make the role his own. The movie received the National Film Award for Best Feature Film in Marathi.

The movie has been dubbed into Tamil by Mirchi Movies. The film aired on Star Plus in the show Mowgli Balaji starting from 20 April 2015. Amitabh Bachchan is playing the character of 'Shaamitabh' in the Hindi dubbed version of this Kannada film Shamitabh. The film is directed by Girish Kasaravalli and produced under 'Escape Artists' through its banner Escape Artists Movie Makers Pvt Ltd.
